# HEALTHY FAMILIES, HEALTHY FUTURE

*PRESENTED BY PREVENTION ON PURPOSE*

*Expand your knowledge of health and the health of our youth during our fun-filled night full of educational multimedia experiences, including passionate speakers sharing their thought provoking wisdom, that is positively influencing thousands of people worldwide!*

**OUR SELECTED EXPERTS WILL "EXPOSE THE TRUTH" BEHIND WHY EVERYTHING YOU'VE BEEN TOLD ABOUT FOOD AND EXERCISE THE PAST 30 YEARS IS DEAD WRONG!**

## HAVE YOU EVER WONDERED WHY...

- » Childhood obesity has tripled in the last 30 years, at the same time the selection of "healthy foods" increased ten fold?
- » There is a connection between childhood addiction of sugar, the consumption of processed foods and how more children are being diagnosed today for ADD and ADHD?
- » Obesity is growing at the same rate as the number of health club facilities?
- » On food labels, sugar does not have an RDA (recommended daily allowance)?

**We can say, without reservation, by attending this educational experience, you will come away with:**

- Significant and life changing solutions that will not only ensure a healthy lifestyle for you and your family today, but for future generations to come!
- The understanding that investing in your health is the greatest Christmas gift you could ever give your loved ones!
